

# ACUPUNCTURE AND MOXIBUSTION TREATMENT

▪ ▪ ▪ October 29 - November 2, 2018 in Palau Belau National Hospital ▪ ▪ ▪

## ACUPUNCTURE AND MOXIBUSTION TREATMENT !!!

Where: Belau National Hospital

When: 8:00-15:00 , 29Oct-2Nov 2018

What :

Free acupuncture and moxibustion treatment for all. It's safe, natural way and not painful treatment. It is very helpful for low back pain, knee pain, neck pain and leg pain. Also for headache, stomachache, fatigue, PTSD, as well as cold, cough ( chest pain).

There were many cases that were found to have been controlled and relieved of pain to a certain degree.

### The effect of acupuncture treatment.

- Acupuncture and moxa treatment stimulates the place of the body where there is pain and thus alleviate symptoms.
- The effect of acupuncture increases muscle tone relief and blood flow thus relieving the pain

### Explanation of acupuncture treatment.

- There is no problem even if there is a feeling of numbness after inserting needles during acupuncture treatment because it is manifestation of effect of treatment.
- Even during under going acupuncture and moxibustion treatment, you can drink the medicine you are drinking now.
- This is a warm moxa. It feels warmer gradually. There is no problem even if it feels hot.

Low back pain

Facial revitalization
